### The Lake District Foundation

We are a charity raising funds to protect and care for this spectacular place, today and for future generations.

Our mountains take you to new heights. Our lakes are full of life. Our valleys are breathtaking. We need your help to keep them that way.

We invite you to take part in our green Instagram trail around the Lake District.

We encourage you to use sustainable transport where possible – train, bus, bike, walk, canoe, sail – take a snap at one of our suggested beauty spots and tag us.

See the website for details of great prizes. Get snapping. Good luck!
